Title: Need to open a Sainik School at Chandrakona in Arambagh Parliamentary Constituency of West Bengal.

SHRIMATI APARUPA PODDAR (ARAMBAG): Chandrakona is one of the most backward region of my Parliamentary Constituency. India is recognized as the education hub of the world with a large number of schools and colleges offering quality education to students. The opening of one Sainik School in Chandrakona in Paschim Mednipur district of my Parliamentary constituency would help the children of backward areas to get better education facilities at their door step.

I earnestly appeal to the Government to take necessary steps to sanction and open a Sainik school for the benefit of rural SC/ST children at the earliest.
